

## ISL - Innovative Solutions Lab

*The Innovative Solutions Lab, ISL, helps you to minimise the risks and costs while maximising the benefits of innovative solutions*

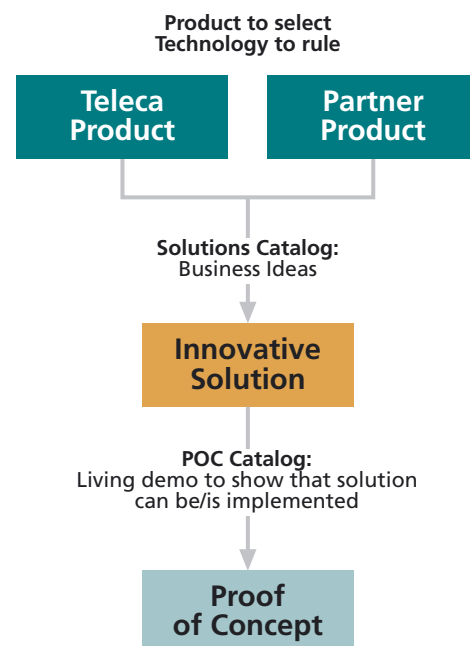

### What can ISL do for you?

- ISL gives you a "first hand" experience when testing innovative solutions and technologies
- ISL assists in selecting the best products for you and managing partnerships
- ISL is a tool to reduce investments and risks
- ISL implements "ad hoc" prototypes to test technologies and solutions minimising investments and risks.
- ISL provides solutions and prototypes
- ISL tests and evaluates new device and hardware

### Why choose Teleca?

We have a long-standing experience in standardisation, development, maintenance and supporting of GSM, GPRS and UMTS networks as well as developing and support Value Added Services (VAS). Thanks to our international experience, ISL can anticipate and develop solutions and prototypes as a response and proposal to customer needs.

### The delivery chain of ISL

*Teleca is an international telecom and IT services company focused on R&D that develops and integrates advanced software and information technology solutions. With in-depth expertise in the latest technology and profound industrial knowledge, Teleca helps technology- and software-intensive customers worldwide to strengthen their market positions and shorten their times to market. The company has more than 3,000 employees and operations in 15 countries in Asia, Europe and North America. Teleca is quoted on the Attract40 list of the Stockholm Stock Exchange.*
